### Adult Measurement Guide

#### Chest/Bust:

Tape measure should be placed under arms. Measure at fullest circumference around chest and back keeping the tape level.

#### Sleeve:

With elbow bent, measure from base of neck, across shoulder, down along the outside of arm to wrist bone.

#### Waist:

Measure around waist (the point where your pant waistband normally sits).

#### Inseam:

Use a pair of well fitting pants that are similar in style. Lay them flat and measure the inside seam from the crotch to the bottom of the pants.
